Sử dụng qui trình Requirement

Workshop 2

- Từ các yêu cầu WS1, nhóm SV thực hiện qui trình quản lý yêu cầu sao cho hiệu quả. Tạo bảng Q&A và Management Requirement Sheet.

Template Requirement Management sheet

Requirement Management Sheet

Project Code	
Person in charge	
Last update	27-Jun-2016
Req Stability	38.46%
Req Completeness	61.23%

Req ID	Requirement Title	Description	Req Source	Type	Category	Size	Difficulty	Key	Priority	PIC	Coding Effort(pd)	Status	Change Status Date
<F-0001>	<Function 1>	<Add new button into ABC screen>		Change Request		1		O	High	<ThanhDQ>		Tested	17-Nov-2008
<F-0002>	<Function 2>	<Add new button into ABC screen>		New		4				<ThanhDQ>		Coded	5-Dec-2008
<F-0003>	<Function 3>	<Add new fields into CSV file>		New		4		O	High	<ThanhDQ>		Designed	5-Dec-2008
<F-0004>	<Function 4>	<Change column name in DB>		Change Request		4						Coded	5-Dec-2008

Template Q&A

Document	Doc Version	Section/screen	Comment/Question	Answer	Status	Owner	Priority
UC 25-Select Vehicles, UC 23-View Shortlist, and more	1.0	Progress bar	Section "Return to homepage" on progress bar is not clickable. We assume that it is unnecessary and will be removed. Please confirm.	Ted 22-12-2009: Please assign to design committee Craig 06-01-2010 (on behalf of design committee): For Online Quotes pages, "Return to homepage" is necessary (and so must be clickable), because for these pages (only), there is no left nabigation menu . Hien 07-01-2010: Do we apply the clickable 'Return to homepage' progress bar on Order Placement pages such as: 1. 'Online Order Form' page - in UC028 2. 'Summary screen' page -in UC028 3. 'Order in progress' page - in UC032 Please confirm.	Open	Design Committee	Low

- Giảng viên hướng dẫn các nhóm sử dụng template.
- Chọn 1-2 nhóm trình bày và đánh giá.
- Tất cả nhóm nộp bài lên LMS.
